12-6-16 [[27](#)]

Final Ruling: No appearance at the January 18, 2017 hearing is required.

Final Ruling: The court issued an order to show cause based on Debtor's failure to pay the required fees in this case (\$77.00 due on December 1, 2016 for the filing of the petition). The court docket reflects that on December 7, 2016, the Debtors paid the fees upon which the Order to Show Cause was based.

The Order to Show Cause is discharged. No appearance required.

The fees having been paid, the Order to Show Cause is discharged.

IT IS ORDERED that the Order to Show Cause is discharged, no sanctions are ordered, and the case shall proceed.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on August 31, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The court's decision is to grant the motion to dismiss

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is \$3,520.00 delinquent in plan payments to the Trustee to date with another monthly payment of \$430.00 to become due prior to this hearing. Debtor has paid \$24,510.00 into the plan to date.

Debtor's Opposition

Debtors admit they are behind in payments and request that the hearing be continued to after November 25, 2016 in order to catchup on plan payments as November is the final month of the plan.

Trustee's Reply

Trustee had no opposition to the continuance of the hearing on this motion until after November 25, 2016.

The motion was continued from October 12, 2016. The court has no evidence that the debtors are current on plan payments. As a result, the motion to dismiss will be granted.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

A Motion to Dismiss the Bankruptcy Case having been filed by the Chapter 13 Trustee, the Chapter 13 Trustee having filed an ex parte motion to dismiss the Motion without prejudice pursuant to Federal Rule of Civil Procedure 41(a)(2) and Federal Rules of Bankruptcy Procedure 9014 and 7041, dismissal of the Motion being consistent with the opposition filed, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss the Bankruptcy Case is dismissed without prejudice.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on December 13, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments and will need to pay a total of \$1,495.39 to become current by the date of the hearing.

Debtor's Response

Debtors respond that they will be current as of the hearing.

The court does not have evidence that the debtor is current on plan payments. As a result, cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor (*pro se*), Debtor's Attorney, and Office of the United States Trustee on December 14, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments and will need to pay a total of \$600.00 to become current by the date of the hearing.

Debtor's Response

Debtors respond that they will be current as of the hearing.

The court does not have evidence that the debtor is current on plan payments. As a result, cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995). Further, because the court will not materially alter the relief requested by the moving party, an actual hearing is unnecessary. *See Law Offices of David A. Boone v. Derham-Burk (In re Eliapo)*, 468 F.3d 592, 602 (9th Cir. 2006). Therefore, the defaults of the respondent and other parties in interest are entered. Upon review of the record there are no disputed material factual issues and the matter will be resolved without oral argument. The court will issue its ruling from the parties' pleadings.

The court's decision is to grant the Motion to Dismiss and dismiss the case.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on August 31, 2016. By the court's calculation, 42 days' notice was provided. 28 days' notice is required.

The court's decision is to grant the Motion to Dismiss and the case is dismissed.

The Trustee seeks dismissal of the case on the basis that the Debtor is \$9,975.00 delinquent in plan payments, which represents multiple months of the \$5,650.00 plan payment. Failure to make plan payments is unreasonable delay which is prejudicial to creditors. 11 U.S.C. § 1307(c)(1).

DEBTORS' OPPOSITION

Debtors assert that they will be current on or before the hearing on this matter.

October 12, 2016 hearing

The court ordered that the hearing on the Motion to Dismiss be continued to November 16, 2016. On or before November 1, 2016, Debtor shall file and serve credible, properly authenticated evidence to document how Debtor can generate the extra monies in one month to cure the plan, as well as the reasons for Debtor having such a substantial default and a basis for the court to determine that such defaults are not likely to occur. Replies, if any, filed and served by November 8, 2016.

Discussion

The court continued this hearing to allow the Trustee time to validate the sources of income to the debtor. The court does not currently have the information required to prove the debtors' ability to make payments. As a result, the motion will be granted and the case will be dismissed.

The court shall issue a minute order substantially in the following form holding that:

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Final Ruling: No appearance at the January 18, 2017 hearing is required.

Local Rule 9014-1(f)(1) Motion - No Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on December 14, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995). Further, because the court will not materially alter the relief requested by the moving party, an actual hearing is unnecessary. *See Law Offices of David A. Boone v. Derham-Burk (In re Eliapo)*, 468 F.3d 592, 602 (9th Cir. 2006). Therefore, the defaults of the respondent and other parties in interest are entered. Upon review of the record there are no disputed material factual issues and the matter will be resolved without oral argument. The court will issue its ruling from the parties' pleadings.

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments and will need to pay a total of \$7,500.00 to become current by the date of the hearing.

Cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Final Ruling: No appearance at the January 18, 2017 hearing is required.

The Chapter 13 Trustee having filed a "Withdrawal of Motion" for the pending Motion to Dismiss the Bankruptcy Case, the "Withdrawal" being consistent with the opposition filed to the Motion, the court interpreting the "Withdrawal of Motion" to be an ex parte motion pursuant to Federal Rule of Civil Procedure 41(a)(2) and Federal Rule of Bankruptcy Procedure 9014 and 7041 for the court to dismiss without prejudice the Motion to Dismiss the Bankruptcy Case, and good cause appearing, **the court dismisses without prejudice the Chapter 13 Trustee's Motion to Dismiss the Bankruptcy Case.**

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

A Motion to Dismiss the Bankruptcy Case having been filed by the Chapter 13 Trustee, the Chapter 13 Trustee having filed an ex parte motion to dismiss the Motion without prejudice pursuant to Federal Rule of Civil Procedure 41(a)(2) and Federal Rules of Bankruptcy Procedure 9014 and 7041, dismissal of the Motion being consistent with the opposition filed, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss the Bankruptcy Case is dismissed without prejudice.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on September 14, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The court's decision is to grant the Motion to Dismiss and the case is dismissed.

The Chapter 13 Trustee seeks dismissal of Debtor's case because Debtor has failed to provide for the Priority claim of Jose Sandoval (claim #12) in the amount of \$100,000.00 which claimed \$12,850.00 as priority.

DEBTORS' OPPOSITION

Debtor asserts that the claim of Jose Sandoval is only a result of a default obtained against Debtor in the adversary proceeding case no. 16-2049. Debtor is attempting to have that default vacated in the mentioned adversary. Debtor requests that the court dismiss the Trustee's motion to dismiss.

DISCUSSION

The pretrial conference for the above reference adversary is February 7, 2017. The only issue the Trustee has with the plan is the omission of the Sandoval claim. Debtors cannot ignore Sandoval in their plan.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Final Ruling: No appearance at the January 18, 2017 hearing is required.

The Chapter 13 Trustee having filed a "Withdrawal of Motion" for the pending Motion to Dismiss the Bankruptcy Case, the "Withdrawal" being consistent with the opposition filed to the Motion, the court interpreting the "Withdrawal of Motion" to be an ex parte motion pursuant to Federal Rule of Civil Procedure 41(a)(2) and Federal Rule of Bankruptcy Procedure 9014 and 7041 for the court to dismiss without prejudice the Motion to Dismiss the Bankruptcy Case, and good cause appearing, **the court dismisses without prejudice the Chapter 13 Trustee's Motion to Dismiss the Bankruptcy Case.**

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

A Motion to Dismiss the Bankruptcy Case having been filed by the Chapter 13 Trustee, the Chapter 13 Trustee having filed an ex parte motion to dismiss the Motion without prejudice pursuant to Federal Rule of Civil Procedure 41(a)(2) and Federal Rules of Bankruptcy Procedure 9014 and 7041, dismissal of the Motion being consistent with the opposition filed, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss the Bankruptcy Case is dismissed without prejudice.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on December 14, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments and will need to pay a total of \$1,700.00 to become current by the date of the hearing.
- B. Debtor has not filed an amended plan or Motion to Confirm following the sustained Objection to Confirmation filed by Creditor Bank of America, N.A.

Debtor's Response

Debtor responds that Debtor will file, set, serve and be current under an amended plan on or before February 4, 2017.

The court does not have evidence that the debtor is current on plan payments. As a result, cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted

and the case is dismissed.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor (*pro se*), Debtor's Attorney, and Office of the United States Trustee on December 16, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments in the amount of \$5,654.36 and another payment of \$5,654.36 will come due by the date of the hearing.
- B. The Trustee's Objection to Confirmation was sustained on November 22, 2016. The Debtor filed an Amended Plan on November 17, 2016 but it has not been served on all interested parties and no Motion to Confirm has been filed.

Debtor's Opposition

Debtor responds that the First Modified Plan has been served, but the debtor still disputes attorney's fees claimed by Mr. Ecker as part of the Ledesma claim. Two proofs of claim were filed after the Motion to Dismiss which led to the delay in filing the plan.

Trustee's Reply

Trustee replies that the most recent Plan to be filed was actually served on parties but no accompanying Motion to Confirm was filed. Furthermore, Trustee points out that this is the fourth plan filed, so it should be titled the Third Amended Plan as no previous plan was confirmed. With respect to the debtor's dispute over attorney's fees, the Trustee points out that the debtor has had 119 days to make that objection to claim. Debtor is still delinquent under the plan. Additionally, debtor's net income is less than the proposed plan payments and debtor is unable to make payments.

Cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Tentative Ruling: Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter. If the court's tentative ruling becomes its final ruling, the court will make the following findings of fact and conclusions of law:

The Order to Show Cause was served by the Clerk of the Court on the Debtor Trustee, and other such other parties in interest as stated on the Certificate of Service on December 23, 2016.

The court issued an Order to Show Cause based on Debtor's failure to pay the required fees in this case (\$77.00 due on December 19, 2016).

The court's decision is to sustain the Order to Show Cause.

The court's docket reflects that the default in payment which is the subjection of the Order to Show Cause has not been cured. The following filing fees are delinquent and unpaid by Debtor: \$77.00.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Order to Show Cause having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Order to Show Cause is sustained, no other sanctions are issued pursuant thereto, and the case is dismissed.

ORDER TO SHOW CAUSE - FAILURE

11-23-16 [[21](#)]

Final Ruling: No appearance at the January 18, 2017 hearing is required.

Final Ruling: The court issued an order to show cause based on Debtor's failure to pay the required fees in this case (\$79.00 due on November 18, 2016 for the filing of the petition). The court docket reflects that on November 30, 2016, the Debtors paid the fees upon which the Order to Show Cause was based.

The Order to Show Cause is discharged. No appearance required.

The fees having been paid, the Order to Show Cause is discharged.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Order to Show Cause having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Order to Show Cause is discharged, no sanctions are ordered, and the case shall proceed.

Local Rule 9014-1(f)(1) Motion - No Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on December 14, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995). Further, because the court will not materially alter the relief requested by the moving party, an actual hearing is unnecessary. *See Law Offices of David A. Boone v. Derham-Burk (In re Eliapo)*, 468 F.3d 592, 602 (9th Cir. 2006). Therefore, the defaults of the respondent and other parties in interest are entered. Upon review of the record there are no disputed material factual issues and the matter will be resolved without oral argument. The court will issue its ruling from the parties' pleadings.

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments in the amount of \$2,700.00 and another \$2,200.00 will become due before the date of the hearing.

The debtor filed a non-opposition to the motion to dismiss. Cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

The court's decision is to deny the Motion to Dismiss and the case is not dismissed.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. The case was filed on August 15, 2016 and no plan has been confirmed. Debtor has not filed an amended plan since the Trustee's Objection was sustained on November 22, 2016.

Debtor's Response

Debtor, in lieu of a response, filed a declaration by both the debtor and debtor's counsel. The declarations indicate that the debtor will be making payments to the Trustee and have a modified plan on file prior to the hearing date.

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on December 14, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments and will need to pay a total of \$6,018.00 to become current by the date of the hearing.

Debtor's Response

Debtors respond that they will be current as of the hearing.

The court does not have evidence that the debtor is current on plan payments. As a result, cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Tentative Ruling: The Motion to Dismiss was properly set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(2). Consequently, the Debtor, Creditors, the Trustee, the U.S. Trustee, and any other parties in interest were not required to file a written response or opposition to the motion. If any of these potential respondents appear at the hearing and offers opposition to the motion, the court will set a briefing schedule and a final hearing unless there is no need to develop the record further. If no opposition is offered at the hearing, the court will take up the merits of the motion.

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling, rendered on the assumption that there will be no opposition to the motion. If there is opposition presented, the court will consider the opposition and whether further hearing is proper pursuant to Local Bankruptcy Rule 9014-1(f)(2)(iii).

Local Rule 9014-1(f)(2) Motion.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on January 3, 2017. Fourteen days' notice is required. That requirement was met.

- A. Debtor is delinquent on plan payments in the amount of \$75.00.
- B. Debtor failed to list a prior bankruptcy on his petition. The debtor's non filing spouse has 3 prior cases.

The court finds the Trustee's objections valid. As the debtor is delinquent and has not complied with all of the requirements under 11 U.S.C. § § 1322 and 1325, cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995). Further, because the court will not materially alter the relief requested by the moving party, an actual hearing is unnecessary. *See Law Offices of David A. Boone v. Derham-Burk (In re Eliapo)*, 468 F.3d 592, 602 (9th Cir. 2006). Therefore, the defaults of the respondent and other parties in interest are entered. Upon review of the record there are no disputed material factual issues and the matter will be resolved without oral argument. The court will issue its ruling from the parties' pleadings.

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments in the amount of \$7,575.00 and another \$3,800.00 will come due before the date of the hearing.

The Order to Show Cause having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Order to Show Cause is discharged, no sanctions are ordered, and the case shall proceed.

Final Ruling: No appearance at the January 18, 2017 hearing is required.

Local Rule 9014-1(f)(1) Motion - No Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on December 16, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995). Further, because the court will not materially alter the relief requested by the moving party, an actual hearing is unnecessary. *See Law Offices of David A. Boone v. Derham-Burk (In re Eliapo)*, 468 F.3d 592, 602 (9th Cir. 2006). Therefore, the defaults of the respondent and other parties in interest are entered. Upon review of the record there are no disputed material factual issues and the matter will be resolved without oral argument. The court will issue its ruling from the parties' pleadings.

The court's decision is to grant the Motion to Dismiss and dismiss the case.

The Chapter 13 Trustee seeks dismissal of Debtor's case based on the following:

- A. Debtor is delinquent in plan payments in the amount of \$3,015.43 and another payment of \$2,171.81 will come due prior to the hearing.

Debtor filed an opposition and then withdrew the opposition. Cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Tentative Ruling: The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

- A. Debtor is delinquent in plan payments in the amount of \$1,950.35 and another payment of \$2,870.71 will come due prior to the date of the hearing.

Cause exists to dismiss this case. The motion is granted and the case is dismissed.

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - No Opposition Filed.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Debtor, Debtor's Attorney, and Office of the United States Trustee on November 30, 2016. 28 days' notice is required. That requirement is met.

The Motion to Dismiss has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The Debtor filed opposition. If it appears at the hearing that disputed material factual issues remain to be resolved, a later evidentiary hearing will be set. Local Bankr. R. 9014-1(g).

The court's decision is to grant the Motion to Dismiss and dismiss the case.

Creditor, Jeri Joanne Williams, moves for a Motion to Dismiss claiming that the debtor did not propose the plan in good faith. In particular the creditor asserts that the plan fails to provide that the value of the property to be distributed is the same as the unsecured amount of her claim.

The court notes that if the debtors make the payments they intend to make the Motion will be denied. The court does not currently have evidence of the debtors' payments. As a result, currently cause exists to dismiss this case. The motion is granted and the case is dismissed.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Dismiss the Chapter 13 case filed by the Chapter 13 Trustee having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Dismiss is granted and the case is dismissed.

Tentative Ruling: The Motion to Value has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995).

Oral argument may be presented by the parties at the scheduled hearing, where the parties shall address the issues identified in this tentative ruling and such other issues as are necessary and appropriate to the court's resolution of the matter.

Below is the court's tentative ruling.

Local Rule 9014-1(f)(1) Motion - Hearing Required.

Correct Notice Provided. The Proof of Service states that the Motion and supporting pleadings were served on Chapter 13 Trustee, respondent creditor, and Office of the United States Trustee on December 8, 2016. Twenty-eight days' notice is required. That requirement was met.

The Motion to Value has been set for hearing on the notice required by Local Bankruptcy Rule 9014-1(f)(1). The failure of the respondent and other parties in interest to file written opposition at least 14 days prior to the hearing as required by Local Bankruptcy Rule 9014-1(f)(1)(ii) is considered to be the equivalent of a statement of nonopposition. *Cf. Ghazali v. Moran*, 46 F.3d 52, 53 (9th Cir. 1995). The defaults of the non-respondent and other parties in interest are entered. Upon review of the record there are no disputed material factual issues and the matter will be resolved without oral argument. The court will issue its ruling from the parties' pleadings.

The Motion to Value secured claim of Ventura County Credit Union, "Creditor," is denied.

The Motion is not accompanied by the a declaration. The Debtor is the owner a 2009 Ford Ranger. The Debtor seeks to value the property at a fair market value of \$5,000.00 as of the petition filing date. As the owner, the Debtors' opinion of value is evidence of the asset's value. *See Fed. R. Evid. 701; see also Enewally v. Wash. Mut. Bank (n re Enewally)*, 368 F.3d 1165, 1173 (9 Cir. 2004).

Trustee's Objection

The Trustee objects to the motion for the following reasons:

- A. The Debtor listed a VIN that is not 17 digits in length and provides no information about the vehicle beyond the make/model and year.
- B. Debtor indicates that the blue book value of the car is \$5,000 but the Trustee's research shows that the blue book value is closer to \$6,390.00.
- C. The notice of motion was not signed by the Debtor.
- D. No declaration was filed in support of the motion.
- F. The service is improper as the proper address for the creditor was not listed.

The court acknowledges that the Debtor is pro se, however the large number of procedural defects precludes the court from granting the motion. The debtor must more fully describe the vehicle, including listing an appropriate VIN. A declaration must be filed in accordance with the Local Rules. Because of the defects, the court will deny without prejudice the instant motion.

The court shall issue a minute order substantially in the following form holding that:

Findings of Fact and Conclusions of Law are stated in the Civil Minutes for the hearing.

The Motion to Value Collateral filed by Debtor, having been presented to the court, and upon review of the pleadings, evidence, arguments of counsel, and good cause appearing,

IT IS ORDERED that the Motion to Value is denied without prejudice.
